CONTENT & BRAND MARKETING

PROFILE

B2B SaaS content manager whose scope runs from brand and messaging strategy through to content production, distribution, and measurement. I author tone-of-voice and messaging frameworks used across marketing, product, and sales, write long-form editorial that ranks and earns AI citations, and keep a commercial lens on everything I publish. Specialist in SEO and emerging GEO and AEO practice, experienced across blog, social, podcast, email, and sales enablement, and confident managing freelancers, agency partners, and AI-powered workflows.

WORK EXPERIENCE

Content Manager YOOBIC · B2B SaaS, AI frontline retail operations 2025–Present
Scope spanning brand & messaging strategy, content, social, and sales enablement, across marketing, product, sales, customer success, and leadership.

- Brand, tone of voice & messaging**
- Tone of Voice Lead on the 2025 Brand Refinement programme: authored YOOBIC’s first company-wide Tone of Voice Guidelines and co-authored the Brand Messaging Cheat Sheet, for use across marketing, product, sales, and customer success.
 - Developed voice, tone, and messaging frameworks translating platform capabilities into business outcomes, and led editorial standards and governance covering US English style, accessibility, inclusive language, vocabulary, and naming conventions.
 - Acted as the central point of contact for tone and messaging decisions, partnering with marketing, product, and sales leadership and external agency Superside through review cycles to align messaging with the company’s evolving performance-led positioning.

- SEO, GEO & content strategy**
- Own SEO and content strategy end to end on a pillar-and-cluster architecture across retail task management, store visits, and store audits.
 - Lead GEO and AEO across ChatGPT, Perplexity, Gemini, and Google AI Mode, taking YOOBIC to ~50% share of voice in category AI answers and 85% on core task-management topics; flagship pillar guides earn 1,000 to 3,500+ AI citations each.

- Editorial, product & long-form**
- Write long-form pillar articles (2,500 to 4,000+ words) for senior retail operators, turning research into data-led, commercially framed narratives; produce branded case studies and a hand-built HTML industry page.
 - Built product communication frameworks (in-app UX states, onboarding, training) and partnered on messaging during the V14 product development cycle.

- Social, podcast, sales enablement & delivery**
- Led LinkedIn content strategy focused on thought leadership, customer stories, and brand authority, and produce the weekly Frontline Fridays podcast end to end (Riverside, YouTube, WordPress, guest outreach).
 - Create persona-segmented sales outreach and account-specific copy for enterprise targets; contributed to competitive positioning (including against Zipline), built the RTS 2026 content programme, and made the internal business case for AirOps to power AI-assisted production.

- Social Media Manager & Writer** Papirfly · B2B SaaS, Digital Asset Management 2024–2025
- Grew LinkedIn engagement by 133% in the first quarter through a rebuilt organic social strategy and content programme.
 - Led a full company-wide tone-of-voice repositioning within the first three months and authored the internal tone-of-voice guide.
 - Built a social media playbook and LinkedIn caption templates that let regional managers across the UK, US, DACH, and Nordics localise global campaigns consistently.
 - Led the research, copywriting, and design for the company’s Forrester report, translating analyst insight into clear positioning and competitor differentiation.

- Content Coordinator** BridgeU / Kaplan · EdTech 2023–2024
- Ran content campaigns for 80 universities, including Russell Group institutions, reaching 1,200 schools across 140+ countries.
 - Launched the platform’s first interactive content, lifting engagement by 300%; ran SEO, A/B testing, and CRM email campaigns across marketing, design, and product.

- Junior Content Specialist** Cuvva · InsureTech 2021–2023
- Wrote help articles, blog content, and in-app copy that simplified car insurance for a digital-native audience, maintaining a clear, transparent brand voice.
 - Used Looker customer data to shape content and reduce support load; implemented SEO and produced multi-format content for web, social, and TikTok.

- Academic Publishing Intern** Bloomsbury Publishing 2020–2021
- Supported the Academic Books department through the publication process, liaising with authors, editors, and production teams to meet deadlines.
